Trail System

In addition to the 5 miles of interconnecting trails along scenic Oak Creek, which lead you to vistas at Eagle's Nest (300' climb), the Mesquite Loop Trail, close to the Visitor Center, provides easy access to an interpretive walk that gives the visitor a snapshot of the flora, fauna, and scenic views of Red Rock. Our trails will take you through three biotic communities: the pinyon-juniper, riparian, and aquatic.

- Limited trail accessibility for horses & bikes.
- Easy access to USFS trails
 1. Turkey Creek Trail
 2. Lime Kiln Trail
 3. House Mountain
 4. Baldwin Trail to USFS trails listed
